### Minutes

#### 2. Apologies:

#### 3. Any declaration of interests relating to this meeting.

There were no declarations of interests.

#### 4. Discussion of Consideration of Representations following the consultation period prepared by Colin Wilkinson.

- The meeting had been requested by a number of members of the steering group to discuss and better understand the responses and the process following this.
- There were missing responses/recommendations on pages 109 and 136 respectively. It was agreed to ask CW if this was intentional or had been missed.
- One member of the group who couldn't make the meeting had sent in two queries and these were read out to the group. The first concerned the Spinney behind Jasmine Cottage and whether there was sufficient protection within the plan. It was agreed by the meeting that the Spinneys were mentioned by name in the plan and that the Spinneys would benefit from policy GA6 of the NP. It was agreed to ask CW to include these facts in the Consideration of Responses. The second query was whether the responses regarding the bus station needed clarification as to the source of the comments within the responses, and whether the responses were too technical. It was agreed by the group that both items would be referred to CW.

#### 5. Meeting closed 9.40pm

The Chair thanked all those present and confirmed that the Steering Group had completed its remit and would be disbanded but that it would be nice if the group could get together socially at some point soon to thank everyone formally for their hard work over the past years.
