Dear Sir or Madam

NOTIFICATION OF WORKS UPDATE A14 Eastbound Junctions 12 & 13

As you may be aware we're carrying out essential Geotech works on the A14 between junctions 12 and 13.

Our scheme involves:

- strengthen the cutting slope on the eastbound verge to help with stability and allow free draining of surface water.
- replace drainage filters and carrier drains.
- remove vegetation, topsoil and roots to enable inspection by engineers.
- reinstatement of embankment using a wildflower seed mix.

Due to unforeseen circumstances no works will be taking place **7th to 11th October** and **21st to 25th October**. Once the works have been reprogrammed, we'll be in touch with new dates.

Please note that all our planned roadworks may be subject to change due to weather conditions or unforeseen circumstances.
